

VOLUNTEERS NEEDED!

I am looking for volunteers to assist with vegetation surveys, as part of a PhD project looking at the impacts of fallow deer on Tasmanian vegetation.

The field trips will be running from **August to September 2019, each trip will be 2-3 days.**

The site is located on a Tasmanian Land Conservancy property near Bronte Park, this is an excellent opportunity to see a part of Tasmania that not many people get to see.

We will be staying in a warm house nearby and all food will be provided.

If you are interested, please get in contact via email thomas.guy@utas.edu.au
