February weekend monthly walk - west coast

Weekend 2-3 February 2019 - Rosebery area: Kevin Dogrusever is organizing a full weekend of activities. Depending on the weather suggested itinerary is Saturday to Montezuma Falls, and Sunday to Mt Read and the 1,000 year old Huon Pine. But if the weather is too hot Mt Farrell maybe preferred. Other options are Williamsford old mining town and/or Mt Dundas that are reverting back to nature.

We plan to record flora and fauna observations and up-load the information to the Natural Values Atlas.

Arrive Friday evening, depart late Sunday or Monday. Please register via secretary Peter Lawrence

Accommodation options:

- camp at Kevin's place in Rosebery (address details when registering for walk), no facilities usual camping in the wilderness rules apply, snakes present but no internet
- Rosebery cabin & tourist park; \$100 double for cabin with on-suite, \$70 double for basic cabin use amenities, \$30 back-packer single rooms with share kitchen & amenities, powered and unpowered sites, phone 03 6473 1366
- Top pub, 8 Agnes St, Rosebery TAS 7470 phone (03) 6473 1351

Members and visitors from other Field Naturalists groups are welcome to attend.
